	3:15 PM			60 yr old / F	pimple on face wont go away	Due

Schedule/Home View (Provider): Add HHP Column

Areas Affected: ALL
Effective Date: 11/14/18

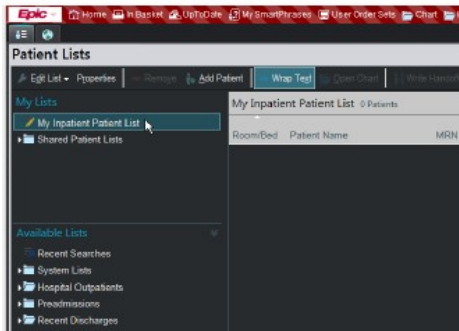

There is a new column that users can configure in the multi-provider schedule (MPS) to indicate whether the patient's coverage is part of the HMSA ACO Program. HPH's ACO is Hawai'i Health Partners (HHP). Please follow the steps below to configure this column in your MPS.

Within the MPS > Right-Click your name under "My Schedule" > Select Properties > General Tab > Scroll Down until you find "HHP" option in the Available Columns > Click the Add button and then you can rearrange the positioning by highlighting the HHP column and clicking the up/down arrow buttons.

The screenshot shows the 'Properties' dialog box for a schedule. The 'General' tab is active. In the 'Available Columns' list, 'HHP' is highlighted. The 'Add' button is highlighted. The 'Selected Columns' list contains 'Time', 'Patient', 'Type', and 'Status'. The 'HHP [101257]: Displays HMSA ACO' description is visible at the bottom. The 'Accept' and 'Cancel' buttons are at the bottom right.
