

PPE for Drive-Up Specimen Collection Sites

All Employees with Possible Patient Interaction

Masks and Gloves

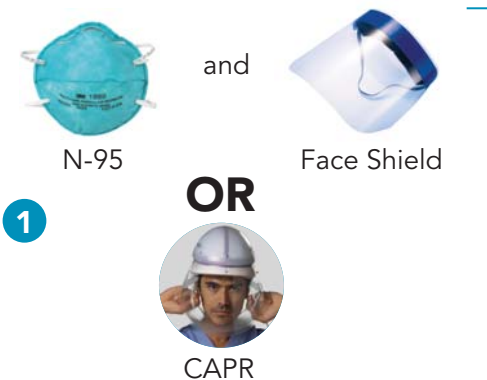

Add face shield or eye protection if you will be touching the patient or will be within 6 feet for more than 10 minutes.

SITUATION INFORMING CURRENT RECOMMENDATIONS:

- Need for PPE conservation due to worldwide shortage
- Some types of HCWs will have more frequent and sustained contact with infectious patients than others

April 3, 2020

SWABBER

Headgear remains on health care worker (HCW) through multiple patients (i.e., do not replace per patient)

- 1 N-95 and Face Shield OR CAPR
- 2 Fresh gloves for each patient.
- 3 Proper hand hygiene.
- 4 Gown remains on HCW through multiple patients unless soiled (because patient remains in car). Break back tie in order to don gown over head gear.
