E-consult in-basket message

- The e-referral order will generate an e-consult in-basket message that is sent to a triage pool for that specialty

The screenshot displays an email interface for E-Consult messages. At the top, it shows a home icon, a chevron, and the text "E-Consult 5 unread, 16 total". Below this is a table with columns for Status, Sent Date, Sent Time, From, and Department. The table lists three messages, all marked as "New" and sent on 05/18/2020. The first message is from Todd MD in the Urology department, sent at 11:37 AM. The second message is from Charles MD, sent at 11:30 AM. The third message is from Charles MD, sent at 11:29 AM. To the right of the table, a detailed view of a message is shown, starting with a "Message" header. The message is from Todd MD to Charles MD, with attached progress notes. The text of the message reads: "Based on my findings my recommendation is". Below this, there is a link to "View previous messages". The next message in the thread is from Charles MD to P E-CONSULT - UROLOGY, with the text: "I am requesting an e-consult from Urology for my 20 yr old patient."
