

The “HHP Care Model and Disease Management Webinar Series” was created by the Hawai‘i Health Partners Care Model Steering Committee and aims to promote integration across the network and awareness of network expertise to improve population level outcomes. This webinar series features a Primary Care Physician and Specialist from the related clinical practice areas, to share their knowledge and experience to standardize best practices addressing clinical effectiveness, efficiency, appropriateness and patient experience.

These webinars will be every 2nd and Thursday of the month from 5:30pm–6:30pm with the first 30 minutes for clinical presentation, and the last 30 minutes dedicated to live discussion and Q&A.

Date	Topic/Speaker
