

HHP Referral Guidelines Available in Referral and E-Referral Orders 12/11/2020

A link to specialty-specific referral guidelines published by Hawai'i Health Partners is now available in select Referral and E-Referral Orders. Click the "HHP Referral Guidelines" link in the Reference Links section of the order to view a PDF version of the applicable and most up-to-date guideline.

Currently, there are 15 referral guidelines available that can access via over 40+ applicable orders. Existing guidelines will be routinely updated and new guidelines will be added to the appropriate orders as they become available.
